

SAR SOURCING INTERNATIONAL

COMPANY PROFILE

Now Bangladesh is playing a salient role in readymade garments (RMG) sector and keeping this belief in our mind we are giving utmost effort to gain the highest satisfaction of our valued customers.

As we all are concerned that in this twenty first century Readymade Garments Sector in Bangladesh is becoming a prospective as well as potential sector .If we look back from now on then we will see how much we have earned from this sector in the last few years. Readymade garment is occupied by 75% of total export in our country. If there is more and proper governance as well as caring it might play a very vital role in our economy.

As we are very optimistic regarding this sector that's why we are committed to give our customers a very good garments along with an incomparable quality. Because price is also a very touchy issue we are also committed to offer a reasonable price for our customers. We always give foremost priority and respect our client's demands, choices, and most of all expectations in order to deliver them a best quality garments.

SAR Sourcing International has its own expertise and devoted personnel team to deliver the export order of readymade garments through which, we try to achieve utmost. Satisfaction of the valued clients.

SAR Sourcing International conducts its operations with honesty, integrity & openness and with respect for the rights & interests of our customers and other people who are directly and indirectly have relationships with us.

We follow all the instructions and requirements of our valued clients regarding the quality which is asked to be followed in order to deliver the goods to the customers as well as the ultimate end users. Most of all we care our valued clients and also their opinions.

Check our Products Gallery and Services. Contact us with your plan.

You are most welcome to visit our office & nominated factories. We are ready for a Business meeting.

What stocks are we dealing order cancellation .overstock.suplus inventory.

canceled shipments

And strategic over production apparel home textile shoes bags leather ,and jute goods Why are we different from other stock lots suppliers?

We work with direct factories instead we order cancellations instead of . we pre inspect each Posted we always reveal the actual quality status no matter what defects the stock Well sorted a graded stock on floor and ready to in house quality control facility .we know

QA and QC team

We have a well-qualified QA and QC team to ensure superior quality and workmanship of the products manufactured under our supervision. The QC teams are involved in various activities at various stages of the supply chain.

- Well qualified Team of QCs is involved in each and every stage of production at all production sites round the clock right after the pre-cutting approval is given.
- The QCs deployed at factories constantly monitor production and conduct Size set/Inline/Midline/Pre-Final/Final Inspections.
- QC is deployed at print factories to ensure print quality, positioning and wash Durability.
- All inspection reports are reviewed and signed by the DO.
- Final inspection can only be offered if the result of the Pre-Final inspection conducted by us is satisfactory.
- For the Inspections conducted by SAR Sourcing International, we issue an Inspection Certificate (IC) which is an integral part of the Export Document.
